EXPERIENCE

Fellowship at Head starter AI

June 2024 – September 2024

Remote Fellowship

Long Island City, NY

- Successfully completed a remote Fellowship at Head starter AI, focusing on hands on Front end and UI development, delivering web projects using Tailwind CSS, JavaScript and React. Designed and developed a responsive portfolio website to highlight technical expertise .
- Demonstrated the ability to work independently in a remote environment, meeting deadlines and producing high-quality outcomes.
- Enhanced knowledge of UI / UX principles and applied them to create professional grade projects in FIGMA.

Internship at MergeStack

August 2025 – October 2025

Onsite Internship

Lahore, PK

- Completed MERN Stack internship with a strong focus on Front End and UI Development, building responsive interfaces using React.js and Tailwind CSS.
- Collaborated closely with senior developers to implement clean UI patterns, enhance user experience and performance, and ensure cross browser compatibility.
- Strengthened practical skills in component based architecture, Git, and front end optimization, delivering pixel perfect and accessible user interfaces.

PROJECTS

Portfolio Website | React, Tailwind CSS

January 2025

- Developed a visually appealing and interactive portfolio website to demonstrate proficiency in front end development, utilizing Tailwind CSS , and React to create a seamless user experience.
- Designed as a fully responsive web application, ensuring optimal performance across all devices.
- Explore my Portfolio Website here: ahtishamazhar.github.io/Portfolio-website/

Expense Tracker | Chart.js, jsPDF, HTML, CSS, JavaScript

November 2024

- Developed an Expense Tracker web application to streamline financial management, enabling users to add, view, and track income and expenses through an intuitive interface.
- Implemented interactive features such as a real time transaction summary, dynamic pie chart visualization using Chart.js, and a downloadable PDF report generated with jsPDF.
- Optimized user engagement by combining visual clarity with practical features, enhancing accessibility and financial tracking efficiency.
- Explore Expense Tracker Website here: ahtishamazhar.github.io/Expense-Tracker/
